

THE CISSS DE LA CÔTE-NORD RECRUITS INTERNATIONALLY

Baie-Comeau, November 12th, 2018 – Members of the recruitment team of the Centre intégré de santé et de services sociaux (CISSS) de la Côte-Nord will travel to Paris from November 26th to December 7th, 2018 in order to recruit nurses.

These individuals will be part of a delegation of Recrutement Santé Québec (RSQ) mandated by the ministère de la Santé et des Services sociaux to attract professionals having obtained a diploma outside the country. The RSQ will be on site with the objective to recruit labour for several establishments in Québec, including the CISSS de la Côte-Nord.

The region wants to recruit 40 nurses, who could work in the different facilities of the North Shore. They would take up their duties in April 2019 as part of a 75-day adaptation period in order to become familiar with the nursing practice context in Québec. Following the positive evaluation of their adaptation period, the candidates will receive their license delivered by the Ordre des infirmières et infirmiers du Québec (OIIQ).

The CISSS de la Côte-Nord is confident that it will recruit the targeted number of candidates, which will help alleviate the labour shortage currently experienced within the establishment. For further details about international staff recruitment, visit <https://recrutementsantequebec.ca/>.
