What role do staff play?

When you call Info-Santé, a nurse will:

- Assess your situation;
- Offer advice and guidance for self-care, including what to watch for at home;
- Refer you to the right service or to the right resource person, if necessary.

When you call Info-Social, a psychosocial worker will:

- Assess your needs;
- Listen and make suggestions based on your specific situation;
- Provide you with an opportunity to pause and to talk to a counselor about the issue you are concerned about;
- Refer you to the right resources (health and social services network or community organization).

When should I call 811?

When you have a non-urgent health issue that requires an assessment and the advice of a healthcare professional.

To speak to a nurse or a psychosocial worker, about yourself or a loved one, dial 811 from a landline or a cell phone with a Québec-based number.
