

CE N'EST PAS CORRECT!, A PROGRAM AGAINST ELDER ABUSE

Sept-Îles, January 28, 2019 – The regional coordinator on mistreatment organizes a tour from February to April 2019 in order to present the *Ce n'est pas correct!* program (It is not okay!). This presentation of one and a half hours is intended for community organizations as well as for the population, friends, neighbours and family who are often the first witnesses of a mistreatment situation and do not always know what to do in such circumstances.

This program is based on the approach by the witnesses. The objective is to mobilize individuals in order for them to be able to identify hints of abuse and to act safely. The objectives of the program are the recognition of the forms and types of abuse (terminology), the familiarization of the witnesses to the approach and their power to act safely, the identification of what is ageism in order to be able to move toward a well-treatment society, and the identification of existing resources.
