

TEMPORARY CHANGE IN SERVICES AT THE CLSC DE RIVIÈRE-SAINT-PAUL

Blanc-Sablon, June 8th, 2021 – The Centre intégré de santé et de services sociaux (CISSS) de la Côte-Nord wants to inform the Lower North Shore population that the services offered at the CLSC de Rivière-Saint-Paul are currently reduced.

Due to the difficulty recruiting nursing staff, a single nurse is currently providing services at the CLSC this week. Pregnancy follow-ups, already planned venipunctures, medical visits and emergency visits will still take place. For any other non-urgent health problem, users are invited to go to the Blanc-Sablon facility or to wait for a return to a normal situation.

The CISSS de la Côte-Nord is trying different strategies to recruit employees who could quickly help us, in order to maintain local services for the whole population.

We would like to remind the population that they have access to telephone consultation services with a skilled nurse or psychosocial worker 24 hours a day, 7 days a week, by calling Info-Santé / Info-Social at 8-1-1.

Thank you for understanding.
